

Fiat Multipla

Travel Far & Wide Side by Side

BROTHERWOOD
Automobility Limited

Fianco a fianco...

Our hugely successful conversion of the Fiat Multipla is a first class example of the company's outstanding design in offering the wheelchair passenger the optimum travelling experience, riding beside the driver. Offered with a manual gearbox driven from the excellent Multijet turbo diesel engine, the Multipla is a joy for any couple or family group, and may encourage you to rethink your vehicle requirements. The multi award winning Fiat Multipla has a headroom of 56" and can accommodate virtually any wheelchair. Simply "load and go" for the essential shopping trips or the well deserved holiday trips away.

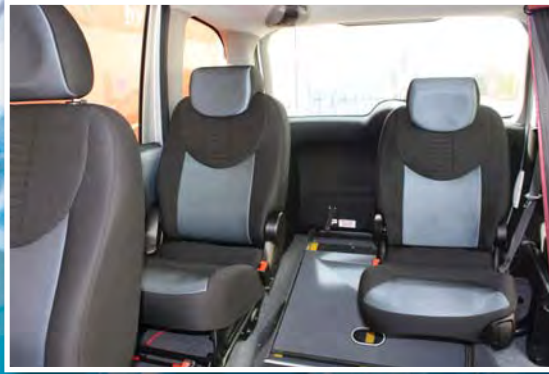

The cantilever seat allows clear entry for the wheelchair when loading and is simply and quickly swung into position to make the unique two plus two seating configuration.

The Fiat Multipla - simply "load and go"

FEATURES

- Quick simple easy loading operation.
- Accommodates virtually any manual or electric powered wheelchair.
- Wheelchair passenger travels side by side with driver.
- Excellent visibility.
- Four point webbing restraint or optional electrically powered tie-down.
- Full cross & diagonal safety belt for wheelchair passenger.
- Wheelchair passenger airbag can be isolated.
- Long range stainless steel fuel tank, travel Far & Wide with 60 litres (13.5 imperial gallons) capacity.
- Better torsional rigidity - *(Any racing car designer will tell you "A rigid shell is the key to a great chassis")*.
- Stainless steel exhaust system.
- Internal headroom 56" (1420mm) retaining original roof.
- Rear passenger cantilever seat - standard for 2 plus 2 adult seating.
